Appraisal Institute Mission

The mission of the Appraisal Institute is to advance professionalism and ethics, global standards, methodologies, and practices through the professional development of property economics worldwide.

Organized in 1932, the Appraisal Institute advocates equal opportunity and nondiscrimination in the appraisal profession and conducts its activities in accordance with applicable federal, state and local laws. Individuals of the Appraisal Institute benefit from an array of professional education and advocacy programs, and may hold the prestigious MAI, SRPA, SRA, AI-GRS, and AI-RRS designations.

President

Brian H. Brooks, SRA

Our Professionals

Appraisal Institute Designated members have met rigorous requirements relating to education, testing, experience and demonstration of knowledge, understanding and ability. All Appraisal Institute professionals adhere to a strictly enforced Code of Professional Ethics and Standards of Professional Appraisal Practice.

Providing Real Estate Solutions®

Valuation professionals within the Appraisal Institute form a network of Professionals Providing Real Estate Solutions® throughout the United States and abroad. Because they have met rigorous requirements relating to education and experience, appraisers holding the Appraisal Institute's MAI, SRPA and/or SRA membership designations have long been respected by courts, government agencies, lenders, corporations and others seeking real estate appraisal services. A cornerstone upon which the Appraisal Institute was built is that every participating individual agrees to conduct his or her professional activities in accordance with the Appraisal Institute's Code of Professional Ethics and Standards of Professional Appraisal Practice.

Obtaining the MAI, SRPA, SRA, AI-GRS, and AI-RRS designations illustrates to clients and your peers that you are willing and able to go above and beyond the education and experience needed for state certification. Designated members of the Appraisal Institute make a commitment to advanced education, defined ethical requirements and elevate the expectations for the entire profession.

I appreciate the opportunity to serve as the 2015 President of the Greater Oregon Chapter of the Appraisal Institute.

Knowledge. Experience. Integrity.

Always insist on the designated difference in real estate valuation.

Risk and return. The stakes are always high in real estate investments. That's why real estate analysis and appraisal services are critical.

It's also why you should always use an Appraisal Institute designated professional. The MAI, SRPA, SRA, AI-GRS or AI-RRS designation behind your appraiser's name stands for advanced knowledge. For years of proven, real-life real estate valuation experience and for a commitment to strict professional ethics and standards.

MAI. SRPA. SRA. AI-GRS. AI-RRS.

The designated difference behind a name you can trust.
